Your English teacher has asked you to write a story
 I had a very exciting day on my winter holiday.
 In winter holiday I was in Nut-Sulstan. Nut-Sulstan
 is very nice city, and I like it. In this city we can
 do everything. For me this city really independent
 to work. I there I feel like I'm independent.
 And like I don't have any problems. Maybe it's
 really useful for me. We can just rest in this
 city just walking and playing. Just for fun. We go
 to the non-shower or more. And feeling happy out
 on my holiday. I meet my relatives. I met and
 my grandparents in Nut-Sulstan. We enjoying the
 moment. So I can say about Nut-Sulstan more and
 more. I think I can give you my feelings and some-
 thing that feeling you better. So, that's all.

 Hi Mark!
 I'm very happy that you moved to a new house.
 My flat is quite small too but I like it. It's not
 very similar to my dream house. My dream
 house would be much bigger, more modern
 and more beautiful. Also I don't like flowers
 and gardens but I would like to have a small
 palm in my living room.
 In my flat, there are a lot of my mum's flowers
 and I hate it. These flowers are literally everywhere!
 I would like to change the furniture in my
 flat, because it's too bright for me. I like white
 black and grey colours, they are more poetic and
 dramatic than yellow, red, green and etc.

Hi, Alex! How do you do? It's winter but after one month will summer. I'm in the shopping mood.

Comments

Let's do it? I think we have similar style. We can offer different kind of clothes to each other and have fun time. So what about go to shopping on Saturday? I know beautiful and suitable place to meet. Yes it is not fantastic shopping center. Even this place seemed to strange at first, but now one of the favorite. Although full of the memories. So I & this autumn I want to look inefable and modern. I have struggle with choosing things what I want. Because I always buy things what they never use with them I'm happy. Because I have good advice like you. I want to buy something new of fashion, autumn like skirt, jeans, etc. So I think undoubtedly I will be glad. I'm looking forward to our meeting. By the way, I want to start reading. So what did you said about your favorite books? Also, I want to buy decorate things for my room. Make autumn atmosphere. To sum up I'm really interested in our fashion making. Okay, see you soon on Saturday in shopping center. At 12 a.m. Good buy dear Alex.

this weekend!

Saturday: Patrick's Rock Group

Sunday: Raggae from Jake and friends

5 pm School Hall

\$2 for Xates High School students

\$3 for all others!

Dance parties are the best! First we choose a theme - for example 1970s disco music is my favorite. We use our phones to play music and we DANCE! My parents live in my house but they never dance with us!

There are some big fans of gaming in my school. I'm one of them! Sometimes we have gaming parties. We take our laptops to a friend's house and we play computer games together. Our favorite is FIFA - I always choose England because Harry Kane is my favorite player. We order lots of pizzas and we drink soda.

Yes, I live in a new town now. It is called Akkol. And I can't say that I like this town. It is such a small town, you know. It is like a village, but little bigger than village. Sure, this town like my old town that I lived in my childhood before. But that's town was too bigger than this. Yeah, small. It is more difference with this town, and my town that I lived before.

In Akkol there are many gas and oil stations and shopping centers. There are few schools, only one of them is Kazakh school and there I study. And there are a few shopping malls, and one sport school.

I can say that it is a little and quite town.

Hi, Rob, Yes, now I'm living in the town of Akkol, appreciate your worries. It's very sad that I had to move from our city, but Akkol is pretty decent town. I live here for only two months and I already like it. This town is much smaller than my old one, there are only 13,000 people living in it, but it's even better. Akkol is very quiet town, very calm, I miss old city's noise, but I can't feel myself peaceful here, in fact. Town is small, and so are the buildings. You won't meet buildings higher than 20 meters, but they are pretty well and clean. There are 4 schools, one clinic, two supermarkets and lots of shops. I live in the western part of town, where the forest is. It's cool district, clean air, a lot of trees, different types of animals, and even small mountain! I go to third school, it's the Kazakh one. School is as clean and good as the other buildings.

Well, my friend, I have to go. Waiting your message!

Writing (10).

Hi, Hollie! It is really bad, that some young people are not healthy in your country. I will try to give some advices to you.

At first, you need to have enough time to sleep. For example, I usually sleep about eight hours every night and every day I'm full of energy. If you are sleep not enough time, you will feel bad.

At second, you have to eat healthy food and drink a lot of clean water. Your body will get a lot of important vitamins from fruits and vegetable. Eating healthy food is very usefull for our organism.

And at last, you need to do sport exercises. It has not to be very hard. You can do easy tasks and it will be great!

I do all of this things and as a result, I have a good health. I hope, that my advices will help young people in your country. Good luck!

Have you ever asked yourself "Do I make good use of my free time?" What do I do with my life in leisure?" I guess every person has done this at least once in his life especially in our difficult age when little kid becomes a real man, an adult who makes real decisions that can effect on his life. This question is one of the most important one and if you haven't investigated it yet I strongly advice you to do it.

I feel like young people today make good use of their free time. They can divide it into sections such as time for hobbies, time for living with friends and family and time for preparing for exams (I think it is included in free time too). Many people know when they have to relax and have fun rather they have a bigger wish to say now not. I believe that this is the main descriptor of making good use of your free time and I hope all of our readers do it in this way.

Ⓐ She locked the door and went to her car. The vampire was already sitting near the driver's seat. He was waiting for her.

She came into the car, put off her hat and turned her head. She saw him. She recognized him immediately, and he understood it. "Are you going to kill me?" - ~~she~~ the woman said without any greetings. She has been running from him for several years, moving from country to country. But she knew: it couldn't happen for ever. What can the human do to protect himself from the vampire? Of course, nothing. And so she was waiting for her death.

The woman and the vampire had been sitting in the car for 2 or 3 minutes before he turned to see her. Then, the vampire looked at her scared pale face. Their sights met. And one moment later she was left alone...

Every single person has leisure time. We all trying to rest and relax (we) as much as possible who we have it. However, do we pay enough attention to realize how we use our free time. Probably, most of teenagers scroll their Instagram and Tik Tok or just waste time in the net by chatting with others. But, we can not count it as resting because the brain and eyes don't it not relax. Even hanging out with friends can impact on you. People (has) invented billion of hobbies such as golf, football or drawing. Even though young generation would like to spend their time in with the internet rather than doing something useful for themselves.

In conclusion (despite on) I believe that my youth do not use their spare time properly. In my opinion we should appreciate every second we have and be in the moment.

Globalization affected on every aspect of our daily life. Young people's ways of using their free time changed too.

Nowadays teenagers spend a lot of time in the internet. New friends, information and social networks take all the attention from sport, music and other physical activities.
